

Aerospace Practice

ZRG services the aerospace sector by providing top talent to clients in both the military and commercial arenas. We have engaged in searches for companies building entire aircrafts to firms in their initial growth phase, starting up with new technologies for aerospace use.

Our expertise spans several key areas including:

- ▶ Avionics
- ▶ Composites
- ▶ Airframe
- ▶ Propulsion
- ▶ Castings / Forgings
- ▶ Component Manufacturing
- ▶ Design
- ▶ Repair & Overhaul

Aerospace and Defense Search Experience with the ZRG Team
